Keeping the Department, Faculty College and University up to date with your Contact Details

The best way to keep all interested parties up to date with your contact details is to do this via your self service pages in CamSIS – please note that it is your responsibility do this.

Extended Self-Service (ESS)

Extended Self-Service (ESS) allows alumni to access their Self-Service account in CamSIS.

It is available to any previous student who matriculated after Michaelmas term 1980 and access allows students to update contact details, view exam grades, view a copy of an unofficial transcript and apply for graduation*.

It is only possible to access one view of CamSIS Self-Service at any one time. This will be EITHER standard Self-Service, OR Extended Self-Service OR Graduate Applicant Self-Service.

*Graduation functionality is under the control of each college as to if, and for which ceremonies, it can be used.
